The Society of Jesus is an International Catholic Religious Organization of Men founded in the year 1540 by St. Ignatius of Loyola, with the Motto of working for the Greater Glory of God by rendering service to humanity. It is led by its Superior General, currently Very Rev. Fr. Arturo Sosa S.J. and its headquarters is situated in Rome. The members of this Organization are popularly known as the ‘Jesuits’. There are around 16,378 men working in 120 countries spread out in six continents. Of them, around 4,000 are working in India and more than 200 are working in Andhra Pradesh and Telangana. Today, the Jesuits render their services

Although the work of the Jesuits encompasses a wide range of works and ministries, they are best known for their educational work. Right from the inception, the Jesuits have been among the best teachers and educationists. At one time, they were called the school masters of Europe. Today, there are Jesuit Institutions of Higher, Secondary, Primary and Professional / Technical Education across the Globe as detailed below:

In Andhra Pradesh, the Society of Jesus runs four reputable Colleges namely ALC and ALIET in Vijayawada, and Loyola Degree and Polytechnic College in Pulivendula; while in Telangana, it runs Loyola Academy in Secunderabad. Apart from these, the Jesuits administer 14 schools, including LPS in Guntur, and 3 Intermediate College in the two Telugu States.

THE FOUNDER OF SOCIETY OF JESUS

Saint Ignatius of Loyola (1491-1556)

Passion for Life

Inigo Lopez de Loyola was born in a noble family of the Basque Region in Spain, in 1491. He was the youngest of the 13 children of his parents. He later became a page in the service of a relative, Juan Velazquez de Cuellar, Treasurer of the kingdom of Castile. As a young aristocrat, Ignatius had a “love of martial exercises and a vain glorious desire for fame”. Joining the army at seventeen, he participated in many battles without injury. But when a French-Navarrese army stormed Pamplona’s fortress on 20th May 1521, a cannon ball wounded one of his legs and

broke the other. He was thirty, then. Soldiers carried the wounded Inigo to his ancestral home to recuperate. He had several surgical operations, which were very painful in the days before anaesthetics.

Passion for Reading Leads to a Desire to Change

During his days of recovery, he asked for books on chivalry, his favourite reading. But there were no such books in their Loyola castle. Instead he was given the only books in the house: the “Life of Christ” and a collection of the “Lives of the Saints”. Inigo set about reading them. The more he read and reflected, the more did God become the centre of his life. His injury at Pamplona was God’s way of telling him that He wanted him in the service of Jesus Christ, the Eternal King.

Romantic Knight, Now a Passionate Pilgrim of God

By March 1522, Inigo’s right leg was sufficiently healed for him to put his plan into action. He undertook a pilgrimage to Mother Mary’s altar at Montserrat, and spent the whole night kneeling or standing and praying. At dawn he renounced his sword and dagger, exchanged his fine clothes with a beggar’s sackcloth-tunic. A romantic knight now became a passionate Pilgrim of God.

A Docile Student of God, the ‘School-Master’

Inigo became God’s student. On his way to Barcelona, he stopped at Manresa, a town on the banks of the river Cardoner. There he spent ten months in total communion with God. He spent seven hours a day in prayer in a cave he had discovered. For several hours a day he helped the sick in the hospital of St. Lucy. God, he said, was like a School Master teaching him step by step. He recorded the meditations and the illuminations he received in prayer in a notebook he carried. It was from this little book that his famous Book of Meditations, called the “Spiritual Exercises” would later emerge.

Passion to Lead People to God Makes Him a Dedicated Student

Inigo’s only desire was to help people to come closer to God. In order to do that, he needed to study. At the age of 34, he began to study Latin grammar, sitting in class with young boys. He then studied at the renowned Universities at Alcala and then at Salamanca. At the age of 38, he went to Paris and studied Philosophy and Theology for seven years.

A Magnetic Personality Attracts Many Good Student-Friends

In Paris, he shared a room with Peter Faber and Francis Xavier. His magnetic personality attracted many young people to him: James Laynez, Alphonsus Salmeron, Nicholas Bobadilla and Simon Rodrigues. He was for them a friend, philosopher and spiritual guide. With three more, Claude LeJay, PaschaseBroet, and John Codure who came later, Ignatius started the ‘Society of Jesus’ in 1540 to love God and serve humanity.

A Teacher and Educationist With a Heart For The Downtrodden

Ignatius always had a passion to teach. He taught the lettered and the unlettered, the rich and the poor, elders and children. He taught them about God, religion and prayer and cared for the sick in hospitals. He started the Roman College in 1551 as a model for all colleges throughout the world. In 1552, he opened a college in Rome for the Seminarians to prepare themselves better to preach Christ.

Inigo becomes St. Ignatius of Loyola

Ignatius died on 31st July 1556. When the body was made ready for visitors, there was a long line of Cardinals, Bishops, Priests, the Nobility and the poor of Rome, all coming to kiss the holy venerable hands of Ignatius. He was declared a Saint by the Church in 1622. The 31st July, the day he died, is celebrated worldwide, every year, as his Feast Day.

- iii. When a student takes leave for a day or two, he/she should submit his/her leave letter either before he/she takes leave or on the day of return from leave.
- iv. If leave is requested for reasons of illness for more than two days, the students should inform the Vice-Principal the reason for their absence by the third day. A medical certificate must be attached to the application which shall be submitted as early as possible but not later than the day of return from leave.

Academic Plan

As an Autonomous College, Andhra Loyola College, has adopted the semester system. The academic year is divided into two semesters, each consisting of 90 instructional days. The Odd Semester is from June to October and the Even Semester is from November to March. Each semester is a complete unit by itself. The instructional methods include conventional lectures, IT based sessions, classroom interactions, guest lectures, seminars, symposia, field study, etc. The syllabi and the model question papers will be provided by the respective Departments.

Choice Based Credit System (CBCS)

Andhra Loyola College introduced CBCS in the Academic year 2004-2005 as the First College in the United Andhra Pradesh State.

Examination and Evaluation

1. Theory

The college follows a system of evaluation based on Continuous Internal Assessment (CIA) and Semester-End Examination (SEE). The 100 marks allotted for each theory paper in a semester are distributed with equal weightage (50:50) between CIA and SEE.

A. Continuous Internal Assessment (CIA)

The CIA in Theory consists of tests, assignment and regular attendance during the semester. The 50 marks allotted for each subject in CIA in each semester are distributed as follows:

Mid-Semester Test I	20 marks
Mid-Semester Test II	20 marks
Assignments	05 marks
Attendance	05 marks

- i. **Mid-Semester Tests:** Usually, each mid-semester test is held approximately after 40 days of instruction. The dates are notified in the Handbook. The syllabus and the model question paper for each mid-semester test will be provided by the respective Departments.
As the marks scored in the Mid-Semester tests are considered for final evaluation and award of class, student should take these tests earnestly. Absence from a scheduled test will be viewed very seriously, if permission is not obtained from the Principal/Vice Principal before the end of the scheduled examinations.
- ii. **Re-Mid Test:** Due permission may be obtained from the Principal/Vice-Principal by those students who would be absent from any Mid-Semester test to appear for the Re-Mid test during the same semester. However, it may be noted that granting permission is not a mere formality, but will be decided on the merit of each case. On obtaining permission, students should register their names with the Controller of Examinations after paying the necessary fee.
The Re-Mid tests will be conducted for two hours only during the preparatory holidays and the syllabus of the entire semester will be included while framing the questions.
- iii. **Assignments:** In general, every student is expected to submit an assignment in each subject in each semester. The choice of the assignment, its nature and the time limit for submission will be decided by the staff concerned. No assignments will be accepted after the stipulated date and it will entail loss of marks under this head.
- iv. **Attendance:** Subject-wise attendance will be calculated in terms of percentage of attendance while awarding marks.

Table for calculating marks for attendance:

% of Attendance	Marks
Upto 75	Nil
76-80	1
81-85	2
86-90	3
91-95	4
96-100	5

NB: As each semester is a complete unit in itself, any deficiency in CIA cannot be made up in the subsequent semesters. If a student is forced to repeat a semester for some reason, all his/her CIA marks will stand cancelled. While repeating the semester, the student has to follow the syllabus and the model question paper which are in force at that time.

B. Semester - End Examinations (SEE)

The regular and Supplementary Semester-End Examinations (SEE) for odd semesters (I, III, V) are held in Oct/Nov and for both odd and even semesters (II, IV, VI) in March/April, every academic year.

i. Eligibility

- a. Every student who has **at least 75% of attendance** in a semester is eligible to take the Semester-End Examinations.
- b. Any student who has between 60% and 75% of attendance in a semester owing to health problems may be permitted to take the Semester-End Examinations on payment of the prescribed condonation fee for attendance.
- c. Any student with less than 60% of attendance in a semester will not be permitted to take the Semester-End Examinations. He/she has to repeat that semester, in the event of which, all his/her earlier CIA marks shall stand cancelled. However, if any student has between 50% and 60% of attendance in a semester and has at least 85% of attendance in the preceding or subsequent semester of the same academic year, he/ she may be permitted to take those examinations, on payment of the prescribed condonation fee for attendance, without repeating that semester.
- d. In semester VI, if a student has between 50% and 60% attendance, he/she may be permitted to write the examinations, at the discretion of the Principal, under the following conditions:
 - * If in all the previous semesters, his/her average attendance be 75% or more

- b The students who repeat a semester will have to take the Semester-End Examinations with the syllabi and the model question papers which are in force at that time.
- c For the present II & III years and Supplementary candidates only: the candidates with arrears and the supplementary candidates will also have to take the same question paper as in the case of the regular candidates, provided the syllabus and the model paper are the same as those of the regular candidates.
- d For the present II & III years and Supplementary candidates only: in case of any change in the syllabus and/or model paper, the candidates with arrears and the supplementary candidates will be provided with separate question papers based on the syllabus and the model papers pertaining to those batches.
- e For the 2005-08 batch and the earlier batches: the candidates with arrears as well as the supplementary candidates will have to get the syllabus and the model paper from the Head of the Dept. concerned, while preparing for their examinations.
- f **Grace Period:** From the 2005-08 batch onwards, a student who is not able to complete his/her degree studies within 3 years is given a maximum period of 4 years to appear for his/her supplementary examinations to complete the degree course. In any case, a student has to complete his/her Degree course within seven years from the time of admission. From the 2010-2013 batch onwards, as per the guidelines of Krishna University, students must complete their Degree course within six years from the time of admission.
- g All the candidates have to answer the question papers in the medium as specified in their applications for admission into the course. No change of medium will be permitted thereafter.

- h Students are permitted to write supplementary examinations with their course syllabus for a consecutive period of five examinations conducted with their syllabus and model paper. After five attempts, they must appear for the examinations in the existing syllabus and model paper.

2. **Practicals**

The practical methods include laboratory work, project work, field work, practical training, record work, etc. The syllabi, model question papers and the practical schedule will be provided by the respective Departments.

100 marks are allotted for each practical examination in a semester and distributed with equal weightage for CIA and SEE (50:50).

A. **Continuous Internal Assessment (CIA):**

The CIA for Practical Assessment is based on the students' performance in the Laboratory Work, Project Work, Record Work etc. The 50 Marks for CIA in each semester are distributed as follows: 25 Marks for Internal Practical Exam; 20 Marks for Laboratory / Project Work and 5 Marks for Attendance.

- i. **Laboratory:** The assessment of laboratory work is done in each semester in specified practical hours. Students who fail to present themselves for such assessment without prior permission, will lose marks assigned for those sessions. The students with prior permission to absent themselves from such assessment may be given an opportunity to appear again in the same semester. A student who fails to attend such reassessment will lose marks.
 - ii. **Record Work:** Record work, complete in all aspects, is compulsory for assessment. The efficiency and the effort of the student are considered for the award of marks for the record work. The student who fails to produce a completed record will be restrained from submitting himself/herself for assessment.
 - iii. **Project Work :** The completion of Project Work done during the summer vacation at the end of the II year is an essential requirement for obtaining the Degree.
- B. Semester End Practical Examinations:** The semester end practical examinations are held only at the end of every semester. All the eligible candidates should take the examinations only during this period. No supplementary practical examinations will be held at any other time.

- i. Eligibility**
 - a.** A student should have at least 80% of attendance in laboratory work in a semester to take the semester end practical examinations.
 - b.** A student should possess a duly certified record.
- ii. Registration :** All the eligible students have to register themselves for all practical examinations along with theory examinations. No student is allowed to take the practical examinations without registration.
- iii. Examinations:** For the purpose of practical examinations, students will be divided into small batches. Each batch has to take the examination on a specified date and time as per the time table announced.
- 3. Malpractice:** The College takes a serious view of unfair methods in all the theory and the practical examinations. Influencing the teaching and the non-teaching staff at any time by the candidates for any advantage is also considered a malpractice. Any case to malpractice at any stage makes the miscreant liable for severe punishment. The cancellation of all the written examinations – both regular and supplementary - taken and to be taken by the candidate during that specified period is the immediate minimum punishment. If the students are caught for malpractice in the annual practical examinations, all the practical examinations of that specified period will be cancelled. If the students are booked for malpractice in the mid semester examination, all the mid semester examinations will be cancelled and they will not be permitted to appear for the re-mid examination. If any student is found guilty of malpractice on more than one occasion during his/her stay in the college, he/she may be prohibited from pursuing further studies. A student of Semester VI, if found guilty of malpractice on more than one occasion, may be debarred from examinations for three years. In all the cases of malpractice, the decision of the Committee on Malpractices is final and binding.
- 4. Appeals**
 - A. Continuous Internal Assessment (CIA)**
 - i. Valuation:** Any student who has a grievance about the valuation of mid-semester tests and/or assignments may bring it to the notice of the lecturer concerned, but he/she must do so within 24 hours of the receipt of the relevant answer script and get it clarified. If he/she

still feels aggrieved, he/she may appeal in writing to the Principal who will refer the matter to the Appeals and Grievances Committee specially constituted for the purpose. On the basis of the recommendations of the Committee, the Principal is authorized to settle the matter.

- ii. **Rectification:** Any rectification with regard to the tabulation of CIA marks, mistakes in the spelling of names, the second language opted for optional subjects, etc., displayed at the time of declaration of results, should be brought immediately to the notice of the Controller of Examinations. Such rectifications should invariably be completed before the preparation and the issuance of the marks statements of the semester concerned.

NB: The students must preserve the CIA valued answer scripts and assignment papers of each semester until the marks statements are issued.

B. For Semester-End Examinations (SEE)
