## **II. ACTIVITIES UNDER ALERT:**

### **3. PRESERVING LINGUISTIC DIVERSITY: ALC INITIATIVE IN INDIGENOUS LANGUAGE EDUCATION:**

Multilingual and multicultural societies thrive on the preservation of their languages, which serve as conduits for traditional knowledge and cultural heritage. According to a recent United Nations report, the disappearance of languages signifies the loss of entire cultural and intellectual heritages at an alarming rate. Approximately 45% of the estimated 7,000 languages spoken worldwide are endangered, with only a fraction enjoying inclusion in education systems, public domains, or the digital realm.

In response to these concerns, Andhra Loyola College has taken proactive measures during their visit to LITDS, Katukapally. Upon observing students from Koya and Muriya tribes conversing in their respective mother tongues while receiving instruction in Telugu, the predominant official language of Andhra Pradesh, College Principal Rev. Fr. G. A. P. Kishore SJ, recognized the urgency to preserve these indigenous languages. Consequently, the College spearheaded an initiative to print study materials in Koya and Muriya languages, a project culminating in the publication of 1000 copies of the 1st Class Reader in both languages (Koya & Muriya) with ISBN certification on December 3rd, 2020. Thanks to the collaborative effort of local experienced

school teachers, hundreds of tribal children can now engage meaningfully with their studies in their mother tongue, safeguarding not only linguistic diversity but also the rich cultural heritage embedded within these languages.

#### **4. AWARENESS PROGRAMME TO SENSITIZE THE VILLAGERS ON THE SAFETY MEASURES DURING PANDEMIC:**

Undeniably and undoubtedly disasters are distressing and disturbing for institutions and individuals. The irrecoverable loss of human lives can never be compensated. The services rendered by social organizations, humanitarians, Samaritans are immeasurable and incalculable. Unfortunately, the countryside people are deprived of many opportunities which the city residents can avail of. The management of Andhra Loyola College always lends a hand to support the needy. To make the villagers conscious and cautious of Covid-19 and its implications on human life, an Awareness Programme was organized by Andhra Loyola Extension Service for Rural Transformation [ALERT] on prevention and safety precautions. Rayapalli, Manginapudi, Atchyyavaripalem and Jinjeru villages near Machilipatnam area of Krishna District were chosen for this programme.

Group meetings at various levels were organized for the villagers with the support of the Gram Sachivalayam health workers. The health workers gave a crystal-clear presentation on how the virus can spread from one person to another. A clear demonstration was given on how the infected droplets from the infected person can travel about 1-2 meters (3-6 feet) before falling on the surface. So, people should be careful and maintain distance, clean their hands with sanitizers and wear a mask to protect themselves from this virus. They concentrated on the importance of hygiene.

They also insisted on washing hands with soap after they return from their work or shopping, if they fail to have a sanitizer.

The volunteers explained how with these simple precautions everyone can protect themselves from this dreadful virus. A general explanation was also given on the different types of viruses and their impact on health, social and economic conditions. The health workers also gave a live demonstration on the usage of masks and sanitizers. Though the time was critical, more than 150 women participated in the programme on 15/01/2021.

## **5. ALERT – TRIBAL EXPOSURE PROGRAMME:**

The first wave of covid-19 locked the people indoors, making them depressed and distressed rather than rejoicing and reorganizing themselves. People realized that loneliness is the real curse to human life. To instill and inspire the young learners, the management with all precautionary measures planned for a tribal visit to Kakutapalli, LITDS [Loyola Integrated Tribal Development Society]. A team of 40 students visited 12 villages at Chintoor Mandal and 6 Villages at Vararamachandrapuram Mandal of East Godavari Districts from 10<sup>th</sup> to 14<sup>th</sup> April 2021.

All the eighteen villages were located in the interior parts of the Wild Forest range of West Godavari District. The students were divided into small groups and sent to the selected tribal areas. As they were the initial days of the second wave of covid-19, the students concentrated more on safety measures of preventive measures from the wide spreading virus. They also spoke to the villagers on the burning issues like child marriages, addiction to alcohol and so on and their impact on their lives. They spoke to the elders and children the importance of health, hygiene, education, job and career. They urged them to continue their education despite the hardships, as it provides them a platform to lead a safe and secured life.

All the students actively participated in the programme exploring and engaging them to discover the true essence of their life. If you aim for a change, be the change. May be this motivated the students and in order to give a comprehensive view on the above, they thought words alone would not suffice and they chose art forms to express clearly what the villagers need to know clearly. On the final day, solar lamps were provided to migrant tribes residing in villages along the borders of Chattisgarh and Odisha.. Rev. Fr. G. Kiran Kumar, SJ Lecturer Dept. of Mathematics, Mr. R. John, Coordinator, Extension Activities and Rev. Fr. Yesuratnam, SJ Director, LITDS coordinated the entire programme.

## 6. COVID CARE & SUPPORT:

The Members of the management, teaching fraternity, non-teaching staff and students rendered many services to the deprived and disadvantaged groups residing in and around the city. As we all know food, clothing and shelter are the basic needs, they supplied the necessary comestibles along with face masks, roof protection tarpaulin sheets to the Yanadi Tribes at Penamaluru, Poranki, Poranki Donka Road, Prabhu Nagar, Krishna Lanka, Pathapadu of Vijayawada Urban. Groceries, veggies and fruits were distributed to the outreach frontline workers, working in the slums of the city. The management helped more than 400 families from starvation during the second wave of corona in the months of May and June, 2021.

## 7. COVID-19 AWARENESS PROGRAMME FOR RAG PICKERS:

As a part of the College Extension Wing, Covid-19 Awareness Programme was organized for the rag pickers at Poranki, Penamaluru and Pathapadu areas from 26<sup>th</sup> to 28<sup>th</sup> June 2021. This programme was organized in collaboration with Dalit Bahujan Resource Center (DBRC), Guntur. Rev. Fr. G. Rayappa SJ Vice Principal, Rev. Fr. Bala SJ, Director, Magic Youth stressed on the importance of wearing face mask, which alone can protect them from the virus. They also explained how social distancing would help them to be away from the disease. They told if they have any symptoms, they should immediately inform the ward Sachivalayam staff for immediate action. Face masks were distributed to all the rag pickers and slum dwellers. Ms. Jhansi, DBRC, Area Coordinator and Mr. R. John, Coordinator, Extension Work coordinated the entire programme.
