This home provides refuge for women from diverse backgrounds, including beggars, runaway cases, victims of love breakups, child marriages, abuse, and domestic violence. These women stay in the observation home for periods ranging from one month to five years, depending on their individual circumstances and issues. The main aim of establishing the Jute Bags Handicrafts unit at this location is to empower women facing diverse challenges, as well as those residing

in the rural areas surrounding Hanuman Junction. Additionally, Self Help Group members in Hanuman Junction are providing training to those interested in crafting various jute products such as bags, files, lunch bags, pouches, and cloth bags. Furthermore, another team of SHG members has received training in creating decorative items such as paper flowers and candles. #### **14. ALERT – TRIBAL EXPOSURE PROGRAMME:**

As part of our College ALERT Extension programme, our first-year degree students, serving as College Student Volunteers, embarked on a meaningful journey of exploration. From the 15th to the 16th of November 2021, they immersed themselves in the community of LITDS Katukapally. Subsequently, on the 17th of November 2021, they continued their mission by visiting the Yesupadam Charitable Society.

During these visits, our students conducted a comprehensive livelihood study among the tribal villages, seeking to gain Tribal Exposure as part of the ALERT Extension programme. Through this hands-on experience, they delved deep into the livelihood conditions of the primitive tribes, studying their cultivation techniques, dietary habits, and health standards. Moreover, they had the opportunity to explore the abundant forest resources, including the unique poodu crops grown on the hills.

Experiencing life without modern amenities firsthand, our students gained invaluable insights into the traditional cultures upheld by these tribal communities. Despite facing challenges such as the lack of proper roads, drinking water, and electricity, the tribes demonstrated remarkable sustainability through their age-old practices.

## **15. SCIENTIFIC STUDY IN TRIBAL VILLAGES:**

Each tribe possesses unique characteristics that contribute to its cultural lifestyle. In an effort to delve deeper into the cultural nuances of a specific tribe, the Department of Service Learning organized a Scientific Study at Kakutapalli, a Tribal Village in Chintur Mandal, from December 10th to December 13th, 2021. Dr. Venu Gopal, a Scientist from LAYA in Narasimapatnam, Visakhapatnam, served as the resource person for this endeavor.

During this initiative, under the ALERT Extension program, student volunteers had the opportunity to learn about the livelihood conditions of the primitive tribes, including their cultivation practices, food habits, and health standards. Moreover, they explored forest resources such as poodu crops on the hills. Mr. R. John, the Coordinator of Extension Activities, along with student volunteers from LITDS Kakutapally, coordinated the entire program, facilitating an enriching experience for all involved.

## 16. EXHIBITION AND SALE OF HANDICRAFTS AND DECORATIVE ITEMS – LOYOLA SHGs INNITIATIVE:

In the years 2021 and 2022, members of the Loyola Self Help Group organized two exhibitions showcasing their handicrafts and decorative items. The first exhibition took place on November 17, 2021, followed by another in March 2022, specifically on the 10th. These events were held within the premises of our college campus. Through these exhibitions, SHG members not only showcased their products but also honed their communication skills, particularly in sales and marketing.

Furthermore, SHG members extended their outreach by organizing stalls at various locations including schools, colleges, and public places to promote and sell their products. Among the most captivating items featured during these exhibitions were a wide array of jute products such as bags, files, lunch bags, pouches, and cloth bags, alongside decorative items like paper flowers and candles. These exhibitions not only served as platforms for showcasing their craftsmanship but also facilitated rural women in earning and saving money for their families' needs, thus contributing to their empowerment and financial independence.
